Our STEM Record Sheet

What we tried, what we guessed, what happened. Print one for each experiment.

Name scientist _____ **Date** _____ **Activity** what we did _____

1 What we tried

Write or draw the steps. Which supplies did we use?

2 What we guessed

Before we start: what do we think will happen, and why?

3 What happened

Draw it or write it. Was our guess right?

4 What we would change

One thing to try next time.

5 How it went

Color in circles: more for a better time.
